Foster Homes Needed!

Puppy Pals Rescue is a non-profit rescue based in Beavercreek, Ohio. We have foster homes in the Dayton and Chicago area. We work with shelters and other rescues from Ohio and surrounding states. PPR pays for all medical needs for the foster pups. Foster homes are asked to provide food and basic needs. It is helpful when a foster home can transport its pup to vet appointments and adoption events, however members are willing to help out when needed. The foster home provides a bio on the pup after getting to know them a while. We like the foster home to be involved with meeting perspective families and making that big decision, however again... help is available.

If you would like to learn more about us, please see our website at www.puppypalsrescue.com There are email links to ask questions on our CONTACTS page and an APPLICATIONS page with forms you can complete online to volunteer!
